

Course Title: Behaviour Management – TA's

Target Audience - All support staff

Aims of the Course:

TA's and other support staff play an important role in the behaviour of children in schools. This workshop explores the individual role a TA plays within the school's behaviour policy. The session will allow TA's the chance to reflect on their experiences and plan for ways they can play a greater part in behaviour management in school. Topics covered include: Establishing ground rules, building rapport, building confidence to deal with behaviours and developing the ability to react to what is being said rather than how it is being said.

9:00AM to 9:15AM	Introduction and welcome
9:15AM to 10:15AM	<ul style="list-style-type: none"> • My role and responsibilities for behaviour • Setting expectations of children's behaviour • Looking for the real meaning
