

Course Title: Safeguarding Training

Target Audience - Any member of SLT who needs to be aware of the safeguarding processes for your school and who may be involved in a safeguarding review

Aims of the Course:

We are very aware that in this ever changing education landscape we often run out of time to think about or implement changes that affect our safeguarding polices and practice.

- What do you think you may be asked on a safeguarding audit?
- Do you need an opportunity to forensically consider a wide range of safeguarding aspects?
- How do you make sense of and find the time to consider and digest safeguarding documents in detail?
- What are the most recent changes to safeguarding procedures and documentation you need to be aware of?
- For Hamwic schools - This will tell you have to answer the questions you will be asked during your audit in the coming year.
